

Massachusetts-based leading and growing multi-specialty and multi-site outpatient healthcare provider is actively recruiting for a mission-driven, consensus-building, and inclusive Chief Operations Officer (COO).

The COO will:

1. Have experience managing and working within a growing diverse workforce.
2. Have knowledge and experience of/with accreditation agency reviews, visits and requirements.
3. Have over 7 years of progressive operational departmental and programmatic management and leadership experience in a health care facility or other non-profit organization.
4. Have experience solving complex organizational challenges with out-of-the-box, innovative, and creative approaches and strategies.

AMAZING opportunity for a mission-driven, innovative and experienced healthcare leader. Diverse and underrepresented professionals strongly encouraged to apply to help drive operational and programmatic excellence while ensuring that staff at all levels reflect the multicultural communities they serve.
